

# Boost your Business

## BID ACCELERATION

Offer for:

## Take your business and your impact to the next level!

Are you a Germany alumni living in one of the above-mentioned countries or part of the diaspora of one of the above-mentioned countries in Germany? You have started a business in one of these countries in the last five years and are now looking to expand your reach? Then this offer is for you.

Our business acceleration offer will assist you in developing your business, e.g. by optimising your services, fostering strategic partnerships or strengthening your customer relationships, for example through digital marketing.

### The offer entails:

- Online training sessions per country on relevant topics depending on the demand
- Individual coaching sessions for each selected business, tailored to specific needs and challenges
- A networking event to present the businesses and products and exchange experiences
- Matchmaking activities that help to find investors and business partners

Click [here](#) to access our application form. Once completed, please send the form along with your CV and any additional information about your business to the respective country-specific mailbox by clicking the appropriate link  on the right side of this page.

### Our selection criteria:

- You already founded a business in one of the above-mentioned countries and your business is up and running.
- You have either studied or worked in Germany and have returned to one of the above-mentioned countries or you are still living in Germany and getting involved in one of the above-mentioned countries from afar.
- Your business has a positive impact on the development in one of the above-mentioned countries and contributes in one way or another to the Sustainable Development Goals of the United Nations.
